

Sweep-All AR2360

3-Point Hitch Attached Aerator

“Built Tough. Easy to Use. Professional Results.”

Built-in Weight Box

Eliminates the need for a separate weight box, making setup faster and more convenient

3-Point Hitch

Easily attaches the lawn aerator to your tractor for quick, stable, and efficient operation.

Heavy-Duty Steel Frame

Crafted from 10 & 12-gauge steel to withstand rental use.

2-Separate tine sections

Quickly remove half the cores for easy-to-handle tine changes.

3/4" Coring Tines

Reaches up to 4 inches deep with 3/4-inch x 7-1/2-inch side-eject tines.

Aerator Plugs

Removing soil plugs helps water, air and nutrients get down to the roots of the grass ensuring a healthier turf.
